**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Ever since I moved into my home, I've wanted options other than AT&T, Comcast, or Time Warner for my home internet provider. Those three are notorious for terrible customer service and connection issues. On the other hand, Sonic has amazing support and service level.

Please ensure that competitive services like Sonic can continue to exist in residential areas. I can afford to use them because they cost as much as the big three and even less sometimes. Price hikes would destroy the competition.

Broadband is pretty much a public utility now, at least in terms of needing it for work and life, so it's important that fairness in pricing and options prevails.
